

First Bank of Highland Park

Where Community is First!

Save A Star

Everyday 2500 teens use prescription drugs recreationally for the first time. The “mailboxes” in your local police station, provided by Save A Star, are a safe way to dispose of prescription drugs. Stop by First Bank of Highland Park throughout October to learn about Save A Star’s commitment to help prevent prescription drug abuse and addiction by promoting awareness, education and resources. Founded in 2007 by the Katz family in memory of their son Daniel, the foundation offers help to all faced with a drug problem and welcomes the community to join in their efforts.
