

First Bank of Highland Park

Where Community is First!

Unity in Our CommUNITY

Highland Park is a community that proudly fosters respect for personal differences and embraces the unique qualities of individuals that make our community stronger. Throughout June, stop by First Bank of Highland Park to view “Unity in Our CommUNITY,” an exhibition which helps raise consciousness about stereotypes and supports diversity. Colorful yarn showcases the results of a survey conducted to demonstrate the “common threads” that connect us as a socially-conscious community. Read immigration stories from Highland Park residents, enjoy creative expressions from students at Indian Trail school and the whimsical faces created by the talented artists from “Knitting HP Together.”
