

COMMERCIAL BANKING

First Bank of Highland Park

LARGE CORPORATE BANKING

The Large Corporate team participates in syndicated credits for Midwestern, Fortune 1000 size firms. In these broadly syndicated transactions, First Bank of Highland Park is typically a “credit only” provider, a compelling attribute for many of our Large Corporate clients. At First Bank of Highland Park, we understand many other financial institutions have cross sell goals and Large Corporate clients may have limited business and time to allocate among the bank group. It is often in the company’s best interests to have “credit only” providers, like First Bank of Highland Park.

As a privately held bank, less bureaucracy and local decision making allow for quick response times. Our smaller size allows us to be nimble and take an intelligent risk on a company’s behalf.

LOAN TYPES

- Acquisition
- Share Repurchase
- Recapitalization
- Refinancing
- General Corporate Purposes

MIDDLE MARKET BANKING

First Bank of Highland Park has built an experienced Middle Market Banking team with a reputation for high-speed execution and reliability. Our bankers take the time to understand your goals as well as the challenges you face running your business. Working with you and your advisors, we craft loan and treasury management packages that not only meet your current banking needs but anticipate your future needs as well.

Our Middle Market clients range from the area’s largest middle market corporations to sole proprietorships and professional partnerships, whose borrowing range is \$2 - 25 million. At First Bank of Highland Park, the Middle Market team readily takes on complex situations across a wide array of industry sectors.

LOAN TYPES

- Working Capital Lines
- Machinery & Equipment Financing
- Owner Occupied Real Estate
- Acquisition Financing

LETTER *from the* CHIEF EXECUTIVE OFFICER

First Bank of Highland Park is a Commercial & Industrial focused financial institution known for its speed of execution and reliability. We readily take on complex situations across a wide range of industry sectors. Our bankers take the time to understand your goals as well as the unique challenges you face running your business. Working closely with you, we craft a loan structure that not only meets your current banking needs but anticipates future needs as well.

Most of our Commercial Bankers have 20+ years of experience, many with top money center banks. Their expertise allows them to combine practicality with creativity, while remaining a steady financial partner through the ups and downs of clients' business cycles. We look forward to demonstrating how our collective experience is the difference at First Bank of Highland Park.

Working with our experienced team also strengthens the economy where you, your employees and your company are located by circulating dollars locally. This allows us to continue to support the Greater Chicago area with financing and philanthropy. We embrace our motto "Community is First" by having contributed over \$1 million since 2017 to local non-profits and encouraging, as well as supporting, our employees to take active community service roles. For 60 years...and counting, we are privileged to support the community that has helped us grow to become one of the largest banks headquartered in the Chicago metropolitan market.

With friendly regards,

A handwritten signature in black ink, appearing to read "Randy L. Green". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Randy L. Green
