

First Bank of Highland Park

Where Community is First!

Pass with Flying Colors

Stop by First Bank of Highland Park throughout February for a special exhibition highlighting Pass With Flying Colors, a unique program that prepares Chicago's under-served high school students to be successful in college. Starting in high school and continuing throughout college, each student is provided with individualized support, academic enrichment and mentoring that enhances their natural motivation to want to not only pass, but pass with flying colors. In fact, 100% of the program's seniors enroll in college!
