

Where Community is First!

**Beyond Sports Foundation** 

Stop by First Bank of Highland Park throughout December to learn how Beyond Sports Foundation is using the power of sport to transform lives by turning athletic ability into life opportunity. Beyond Sports Foundation works with student-athletes in under-served communities that will need financial assistance in order to attend college. They provide educational support, mentorship, professional development and peer leadership programming, as well as world-class athletic training, life coaching, and nutritional counseling. To make an impact today, sponsor a student athlete. For more information how to donate and volunteer, visit their website.
